

STOP FOR THE BUS!

OUR KIDS ARE WORTH THE WAIT

1. Look for the extended stop arm and flashing red lights.
2. Wait until the kids have safely reached the curb or sidewalk.

DRIVERS MUST STOP:

1. When approaching a stopped school bus from the front and there is no physical median between you and the bus.
2. ANYTIME approaching a stopped school bus from the rear.
3. And **STAY STOPPED** until the school bus driver turns off the red lights and closes the extended STOP arm.
